FIGHT ABOUT CUBA.

FRIENDS OF THE INSURGENTS WILL HAVE A VOTE

In the Senate, if They Have to Raise the Roof, So Mason Says-Bailey Gets the Question Up in the House and There Promises To Be Fun There Also-Par-

Washington, May 13 .- The senate yesterday, in response to a brief message stating its need, appropriated \$50,000 for the relief of destitute Americans in Cuba. Wellington of Maryland staved off a vote on the Morgan belligerency resolution by making a speech against the resolution, the burden of which was that the United States had work to do for its own people before it bothered about either Cubans or Greeks. Daniel spoke for the resolution, which went over. The Broker Chapman resolution of Atlen was tabled. Butler's resolution inquiring the authority for the order for the sale of the Union Pacific railway was adopted. An executive session was held.

Met Trouble in the House,

In the house the president's message was read and Dingley wanted to pass a resolution making the appropriation asked. Bailey of Texas insisted on an amendment recognizing the belligerence of the Cuban rebels, to which Dingley objected, and as neither would yield the matter went over. Cochran of Missouri offered a resolution to submit to the states a constitutional amendment permitting an income tax. The conference report on the Indian appropriation was disagreed to on the gilsonite compromise proposed, and the bill returned to conference. Adjourned to Thursday.

Mason Threatens Fillbustering. There is a possibility of a clash be tween the friends of the Cuban belligerency resolution and the tariff bill. The advocates of the Cuban resolution apprehend that their opponents will make an effort to prevent a vote before next Monday, when the tariff bill is to be taken up under agreement. Morgan is hopeful of securing a vote before that time. Mason, who is an enthusiastic supporter of the Cuban cause, said last night that if a vote should be pre-vented this week by fillbustering tactics the tariff bill could not be taken up Monday. "We must have a vote or Cuba before the tariff is considered," he said, "or we shall see some filibustering such as the senate is not used to."

Talk About Removal of Postmasters The advisability of inquiry into the removal of postmasters by the executive was raised in the executive session of the senate in connection with the confirmation of F. E. Benjamin as postmaster at Terre Haute, Ind. Turple brought forward the subject and there was a brief exchange of ideas on the part of Turple, Fairbanks, Chandler and Hoar. The general opinion seemed to be that since the repeal of the tenure of office act it was competent for the executive to make removals, and that investigation would lead to no other

TRAIN GOES INTO A CHASM.

Fifteen Persons Are Badly Hurt, Two of Them Fatally.

Ardmore, I. T., May 17 .- A southbound passenger train on the Santa Fe road, known as the Chicago and Galveston express, went through a trestle sixteen miles south of here at 5 o'clock yesterday morning. Fifteen persons, passengers and trainmen, were injured. Several of these are seriously hurt, and it is believed that two will die. The accident occurred near the town of Marietta and at a point where a deep, narrow guich was spanned by a wooden trestle. The foundation work supporting this trestle was undermined by the sudden rise of a little stream and the trestle went down under the heavy weight of the train.

So great was the speed of the train, however, that the engine and tender, the express, mail and baggage cars and one passenger coach passed over the narrow chasm, though the trucks of several of these cars went to the bottom, twenty feet below. J. M. Grider. Wells-Fargo express messenger, was so badly crushed by a heavy car chest that he cannot live. E. T. Sparks, of Oakman, I. T., was crushed in the wreck of the smoker and is also mortally injured.

The wounded, except those named in the foregoing are: G. G. Crawford, Hurd, I. T., elbow dislocated and right arm fractured; W. L. Irwin, Kansas City, cut on the neck; I. F. Hale, news agent, Fort Worth, bruised on hip and side; R. J. Crawford, Fox, I. T., ankle sprained, badly cut and bruised; W. M. Forbes, Lebanon, head, hand and arms cut and hip injured; O. L. York, Palo Pinto, Texas, hip hurt; J. F. Piper, Ladonia, head cut, shoulder dislocated.

Relay Race on Wheels. Chicago, May 18 .- Mayor Harrison at 11 o'clock yesterday morning, while seated in a box directly over the starting point, fired a pistol and the big relay race between teams representing Chicago and New York was on at

Tattersall's. At the end of the first day's riding in the first squad the Chicago riders had respectively 80 miles, 6 laps, and 80 miles, 8 laps; New York, 80 miles, 8 laps, and 80 miles, 1 lap. Second squad-Chicago, 83 miles, 4 laps, and 83 miles, 3 laps: New York, 83 miles, 1 lap, and 82 miles, 3 laps. Third squad—Chicago, 85 miles, 6 laps, and 85 miles, 6 laps; New York, 85 miles, 3 laps, and 85 miles, 4 laps,

Monument to George Washington. Philadelphia, May 17 .- President Mc-Kinley, Saturday, in the presence of an enermous throng, pulled a cord that confined the national ensign about a bulky object situated in Fairmount park, and as he did so the red, white and blue fell away gracefully and disclosed a splendid statute of George Washington, the Father of his Country, in enduring bronze. As the statue was disclosed there was a roar that shook the air. The statue is equestrian, the likeness Washington is perfect and altogether the memorial is one worthy of the man whose memory it will kept green as long as the bronze endured.

London's Poor Will Get a Dinner. London, May 18 .- The Prince of Wales' fund, started at the suggestion of her royal highness to provide a dinner or ome substantail meal during the week of the jubilee commemoration for the poorest of the London poor—beggars, outcasts and tenants of the slums ceived yesterday an anonymous contribution of £25,000.

Visits the Spanish Casino and and Is Received with Great Warmth.

Havana, May 19 .- W. J. Calhoun, the special commissioner of the United States who is investigating the death of Dr. Ricardo Ruiz, visited the Spanish casino Monday night, which was decorated and illuminated in honor of the 11th birthday of King Alphonso, Cal-houn was accompanied by the Spanish consul at Philadelphia, Dr. Jose Congosto; themayor of Havana, Senor Michael Diaz, and Dr. Jover, who acted as interpreter.

Calhoun admired the building and expressed appreciation of the courtesy with with which he was received. After the guests and their hosts had partaken of refreshments the secretary of the casino toasted "Peace for Cuba and sincere and unalterable friendship between United States and Spain." Dr. Jo-then toasted "President McKinley" Dr. Jover English, which was responded to by Calhoun in a speech, showing him to be an accomplished orator as well as a discreet diplomat.

CITIZEN TRAIN'S CLAIM ON OMAHA. Ex-Mayor Bemis States Its Origin and Its

Status at the Present. Omaha, Neb., May 19.-Mayor Bemis yesterday gave out a statement regarding the claim of George Francis Train a large tract of Omaha land. said that in 1865 George Francis Train purchased from the Kountze brothers and Samuel E. Rogers a tract of 500 acres of land lying in the eastern part of

Ex-Mayor Bemis, who is a relative of Train, and was intimately associated with him during the entire time covered by the transactions about to be brought into question, says that the purchase price of this land was about \$100,000. At the time of purchase Train paid \$38,000 in cash and gave a mortgage as security for the balance. The next move in connection with this land, so far as the present situation is concerned, was in 1873, when the land was sold under foreclosure proceedings.

Mrs Geddes' Murderer Hanged. Paxton, Ills., May 15.-Fred Hoellman, alias Hartman, was hanged in the jail in this city yesterday morning in the presence of about fifty witnesses.

Hoellman, alias Hartman, was hung for killing Mrs. Welbke Geddes, having been convicted on circumstantial evidence. Geddes, the husband, worked on a farm more than a mile from his home. On the morning of Dec. 2, 1896, he got up at 4 o'clock and went to his task husking corn. At 8 o'clock a neighbor called at the home and found the body of Mrs. Geddes on the floor of her room with a cord around her neck, the other end of the cord being fastened to a door-knob. There was evidence of a fearful struggle, one of Mrs Geddes' legs being broken and her body covered with bruises. Marks on the neck of her little girl showed that she had been choked, doubtless into insensi-

bility, and possibly left for dead. Three Firemen Critically Injured.

Chicago, May 19. - Twelve firemen were frightfully burned last night by the explosion of a tank containing eighty gallons of gasoline in the grocery of W. H. Manley, in Forty-third street. The explosion was heard for several blocks, and many windows in the vi-cinity were shattered. All the men were burned about the hands, face and body, and their injuries are more or less severe. The chances are that Jo seph C. Pazen, third assistant chief, burned about the face and body; John Fitzgerald, marshal of the Eleventh battalion, and John Champagne, will not recover.

Illinois Congregationalists,

Peoria, Ills., May 18.—The General Congregational association, of Illinois, opened its fifty-fourth annual conven tion in the First Congregational church last night. Rev. G. H. Wilson, of Paxton, preached the opening sermon, and the communion service was conducted by Rev. A. A. Stevens, the venerable former pastor of the First church, assisted by Rev. W. R. Day, of Aurora,

Eddie Bald Wins the Race.

Louisville, May 18.-Eddie Bald, of Buffalo, defeated Owen Kimble, this city, in a match race at Fountain Ferry park yesterday afternoon. The event was run in three heats. Kimble won the first, one-third of a mile, in 0:48 2-5. Bald won the half-mile in 1:26 2-5 and the one-mile heat in 2:11 3-5 The latter was paced.

May Contest the Will.

Windsor, Ont., May 18.-The case of William H. Jewell, the deceased insurance man of Detroit, who married Miss Florence McDonagh, a niece of Sir John Carling, on his death bed last week, is causing much excitement here on account of the disparity of the ages of the contracting parties. Previous to his insurance policies to Miss McDonagh's name and his will has been made in her favor. It is probable the will is to be disputed by Don C. Jewell, a son of William H. Jewel by his former wife.

Laid Up for Repairs. Washington, May 18 .- The secretary of the navy has ordered another addi-

con to the reserve neet of the navy, directing that the monitor Amphitrite be laid up just as was the Columbia, not out of commission, but with a fraction of her regular crew aboard under command of a captain, ready to go into active service at a few days' notice. Because of the continuance of hostilities in Europe the plan of bringing the Minneapolis home to go into the reserve squadron has been temporarily abandoned.

Allen Law in Canada.

Ottawa, May 18 .- The special committee of the house of commons appointed to deal with the alien labor bills has decided to take no definite action at present, and action will probably be deferred until the next session of parliament. The opinion prevails that an alien labor law should be passed applying only to those countries which adopt such legislation against Canada, and the minister of marine and fisheries has offered an amendment to that effect.

Overmeyer in the Lead. Kansas City, Mo., May 18 .- A special to a local paper says:

"David Overmeyer, the silver champion of Kansas, will doubtless loom up as a formidable candidate for president or vice-president of the silverites if the silver wing of the democracy remains in the saddle during the next campaign. It is said that Mr. Bryan himself has written the Kansan's friends indicating that he would like to have Overmeyer as a running mate next time."

Tried to Kill McPherson.

New York, May 19.-Former United States Senator J. R. McPherson, of New Jersey, had a narrow escape from being killed at his office in this city yesterday. William Van Aken attempted to shoot him and was prevented from doing so by Edward F. Low. An accomplice of Van Aken escaped. Van Aken, who is was partially blind, was arrested.

The accomplice seems to have been taken along as a guide to the partly blind would-be assassin. Van Aken started to pull his revolver McPherson ran into the outside office; where Van Aken was tackled by Low. who prevented him from shooting while McPherson's outery brought a crowd that disarmed the assassin, who was afterward arrested.
